READ—

Rule regulating the General Provident Fund (corrected up to the end of April 1912).

Ordered, that a copy be forwarded to the several departments of the Government of India, to all Local Governments and Administrations, to the heads of departments subordinate to the Finance Department, to the Comptroller and Auditor General; to all Assistant-Comptrollers and Comptrollers; to the Examiner of Accounts, Military Works services, and to all Examiners and Government Examiners of Railway Accounts.

RULES REGULATING THE GENERAL PROVIDENT FUND.

(Corrected up to the end of April 1912.)

Scope of fund.

The fund will be a general fund open to all civil officers in permanent pensionable and non-pensionable posts in service which is superior within the meaning of article 205 of the Civil Service Regulations; but it shall not be open to European members of the Indian Civil Service, subscribers to the State Railway Provident Fund, or any class of officers for whom a compulsory family pension fund has already been established.

Rule 1.—Persons appointed as probation or substantive appointments are eligible to subscribe to the fund.

Rule 2.—Officers who have not completed at least one year of service are eligible to join the fund, subscription being based on their actual monthly earnings.

Rule 3.—Officers, whether in Indian or European service, in permanent employ are eligible to subscribe to the fund.

Rule 4.—Officers, whether in Indian or European service, in temporary employ and all officers in temporary service are, with the consent of the head of their office, eligible to subscribe to the fund, provided that they have been employed, in the opinion of the head of their office, on duty to be completed for at least three years.

Conditions of membership of new fund; closure of existing Provident funds.

2. As regards officers in the service of Government at the date of the institution of the new fund:—

(a) Officers in whose case subscription to an existing service fund is optional, or who are not entitled to subscribe to such a fund, will be permitted to join the new fund as optional subscribers at any time.

(b) Officers in whose case subscription to an existing fund is compulsory will be permitted to join the new fund as compulsory subscribers at any time within four years after the institution.

(c) When subscribers to an existing fund join the new fund, their accounts with the existing fund, including any liability for the refund of premiums, will be transferred to the new fund.

(d) Officers who join the new fund, whether as compulsory or as optional subscribers, will cease to be eligible to subscribe to any existing provident fund, with effect from the date of joining the fund.

(e) The rules applicable to subscribers to existing funds who do not exercise the option of joining the new fund will remain unchanged but all existing funds will be closed to new subscribers with effect from the date of the institution of the new fund.

3. As regards officers entering the service of Government after the institution of the new fund:—

(a) Subscription to the new fund will be compulsory in the case of all Europeans and Eurasians in permanent employ on a salary of a substantive pay of Rs. 100 a month or more.

(b) All other officers eligible to join the fund will be admitted as optional subscribers.

(c) The existing service funds specified below will be absolutely closed to future entrants into Government service, namely, the Civil Engineer's Provident Fund and the Provident Funds of the Finance, Police, Geological Survey, Opium, Northern India Salt Revenue, Forest and Civil Veterinary departments.

4. If an officer who is entitled to subscribe to the new fund is on foreign service, he shall be subject to these rules except where otherwise stated, in the same manner as if he were not so transferred.

5. In the case of all officers the privilege of optional subscription will lapse if subscriptions are discontinued (otherwise than on leave) more than three times. In the event of such a lapse of subscription no right to withdrawal of the sum of credit of the subscriber will be recognized after three is provided for in rule 10.

Rate of interest.

6. Compound interest at 4 per cent. will be allowed on subscriptions; but Government reserve the right to reduce this rate at any time for officers who become subscribers to the fund after Government have announced their intention of reducing the rate.

Rule.—If a subscriber dies, interest will be allowed on his account in the fund up to the end of the month in which he dies unless he has died on a temporary leave or after the end of that month. When a subscriber, being in permanent Government service, retires interest will be allowed up to the end of the month immediately preceding that in which he quits service. If a subscriber holding a temporary post, however, on the termination of his appointment, the option, allowed by rule 11, of joining at the end of the month immediately preceding that in which he quits service, is exercised, interest will be allowed on his account for not more than a year after the termination of his appointment. If the subscriber is eligible to re-appoint under Government service, interest will nevertheless be allowed on his account from the date on which re-appointment is announced.

Rate of subscription.

7. The monthly subscription must not be less than 5% per cent. and not more than 15% per cent. on the salary of each subscriber for the month; and, in between these two limits, must be at the rate of either 1%, 1½, or 2% unless in Europe. If the officer is on foreign service, the subscription will be calculated on his assessed pay.

A subscriber may alter his rate of subscription with effect from the beginning of any financial year, by giving notice before the end of the preceding year.

In the case of an officer on a permanent establishment, who is detached on temporary duty under article 335 of the Civil Service Regulations, subscription should be calculated on the salary actually drawn by him in his temporary appointment.

Similarly, in the case of an officer on deputation, subscription should be calculated on salary plus his deputation allowance.

Subscription during leave.

3. Subscriptions on leave of any kind will be optional. Subject to the limits of G and H per cent, they will be calculated on the allowances admissible during leave.

An officer on reinforcement after a period passed under suspension may be allowed the option of subscribing for that period. In the case of an officer who exercises the option of subscribing to the fund during leave without allowance, or on reinforcement after a period passed under suspension without allowance it is left to the discretion of the Assistant Secretary to determine in such case, the amount on which subscription should be paid, the general principle to be observed being that the subscription should be calculated on half the salary last drawn by the officer before he proceeded on leave without allowance, or was placed under suspension without allowance.

Reduction of subscription.

4. Subscriptions will be recovered by deduction from pay bills, but they may be made by remittance in cash to the Audit Office when an officer is in foreign service, or is on leave and draws his leave allowances from a Colonial Treasury.

When a subscriber draws his leave allowances from the Home Treasury of the Government of India, his subscription may be paid by deduction from leave allowances the provisions in India being effected by means of the remittance account between England and India, and the credit to the officer's account in the fund in respect of each remittance being given at the rate of fifteen pence to the £.

An officer who desires to subscribe during leave must notify his intention beforehand in order to allow of the deduction from his leave allowances being made in his leave and pay certificate. He will not be permitted to discontinue subscribing during leave.

An officer, who fails to notify his intention to continue to subscribe when proceeding on leave, may subsequently pay his subscription in cash.

Withdrawals on retirement or death.

5. (1) Subject to the provisions of this rule, the sum, which accretes to the credit of an officer in permanent employ will, when he quits the service, become his absolute property and be handed over to him unconditionally. An officer holding a temporary post may, on the termination of his appointment, either withdraw the amount standing at his credit or leave it in the fund. Any sum so left in the fund may be withdrawn at any time after the cessation of service.

(2) In the event of an officer's death before retirement, or after retirement but before the money has been handed over—

(a) it will be divided between his widow or widows and children in accordance with any request that he may have submitted in the prescribed form, which request must state the person to whom sums intended for the benefit of minors are to be paid, so it will be handed to such trustees as the subscriber may appoint by will to administer, for the benefit of his widow or widows and children, the funds standing at his credit at the time of his death;

(b) failing such a request, it will be divided in equal shares between his widow or widows and children, to the exclusion of adult sons and of married daughters whose husbands are alive; any sum due to a minor being paid to the minor's legal guardian to be used for the minor's benefit, or, failing a legal guardian, to any person who, in the opinion of the officer whose duty it is to make payment, is entitled to receive it on the officer's behalf;

(c) failing a widow and children entitled to participate under (b), it will be distributed among other persons in accordance with any request submitted by the subscriber in the prescribed form; and

(d) if no such request has been submitted, it will be paid to the legal representatives of the estate, as determined by a will or as determined by the probate court in this respect. Provided that, if the sum representing the credit of the depositor does not exceed Rs. 500, it may be paid to such persons or persons as the officer making the payment considers to be entitled thereto.

How a cash dividend may be permitted in such a special application for the retention of his wife from the benefit of the fund, if one has been previously provided for him. In the absence of such an application the widow should be treated like an ordinary widow and Children of the estate of the husband should be divided in accordance with the provisions of rule 10 (1) (b).

How a cash dividend may be permitted in such a special application for the retention of his wife from the benefit of the fund, if one has been previously provided for him. In the absence of such an application the widow should be treated like an ordinary widow and Children of the estate of the husband should be divided in accordance with the provisions of rule 10 (1) (b).

(8) Government will not be bound by, or recognize, any assignment or encumbrance executed or attempted to be created by any officer during his service, but will recognize to the extent shown in clause (1) (5) above any arrangement which a subscriber may make for the disposal by will of the funds standing at his credit.

(4) The sum at credit of the officer is not liable to forfeiture on dismissal or on conviction by a Criminal Court except for an offence for which the penalty of forfeiture of the whole of the officer's resources is prescribed by law.

(5) Ordinarily, officers should make their own arrangements at retirement to draw in India the sum at their credit in the General Provident Fund. In the case, however, of depositors who retire in England, the Account Officer of the fund shall, on receiving due intimation, perform the following duties:—(a) He shall issue the cheque amount available for retirement and send the same to the depositor in England. Where the beneficiary of a deceased depositor is interested in the deposit in England. Where the beneficiary of a deceased depositor is interested in the deposit in England, the Account Officer shall, in a similar manner, on receipt of due intimation, forward the amount of the deposit to them by sterling M/s.

Advances for travel management

11. No final withdrawal will be allowed until the subscriber quits the service or dies. But when the pecuniary circumstances of a subscriber are such that the indulgence is absolutely necessary, a temporary advance not exceeding three months' pay may be allowed from the sum at his credit at the discretion of the commanding authority, who shall be—

- (d) the Local Government, for gentiled officers;
(e) the Head of the department, for non-gentiled officers in receipt of Rs. 100 p m
month or more;
(f) the Head of the office, for other officers.

Table 1. The following defines several key terms of a Local System and underlines ζ where it appears:

- (1) *Polystyrene Grafted*,
(1) *Division of Chemistry, University Department*

The following may be recognised as legitimate occasions for advances:—

- (c) to pay expenses incurred in connection with the illness of a subscriber or a member of his family;

Note—A person, through no fault of his or her own, is deemed to be a person with a disability if the principles contained in these standards, and regulated or to be argued to the extent of an individual's right to the right of the individual.

Advances will be recovered at the discretion of the staffing authority, in not less than twelve installments or more than twenty-four. Recovery will be made monthly, commencing from the first payment of a full month's salary after the advance is granted, but no recovery will be made from an officer while he is on leave of any kind. Recovery may also be postponed when advances of pay granted to him on transfer is being recovered. The installments will be paid by compulsory deductions from salary, and will be in addition to the usual subscription.

Subsidiary of other forms of life insurance for subscription to the fund

12. Subscriptions to a recognised family pension fund or payments towards a policy of insurance may be substituted for subscriptions to the General Provident Fund at the option of subscribers, subject to the following conditions:—

- (f) If the subscriptions or payments to be so substituted shall be of less amount than the maximum subscription under rule 7 of these rules, viz., \$1 per unit per month of the officer's monthly salary, the deficiency shall be paid by the officer as a subscription to the General President Fund.

(4) An insurance policy must be on the officer's own life, in which case it is immaterial what form the policy takes, i.e., it may be a life or an endowment, or double endowment policy, but it must be such as is legally assignable to Government.

(5) If a policy of insurance is effected by a married man on his own life for the benefit of a wife living, or a married woman on her own life for the benefit of her husband, or a married man on his own life for the benefit of more than one beneficiary, whether named or not at the date of the policy is not, in view of the aforesaid legal difficulties, presumed to confer this rule.

(6) Government will not make any payments on behalf of officers in insurance companies, nor will they take steps to keep the policy alive. If an officer records on his salary bill that he is making payments to an insurance company or to a private fund of not less amount than 6½ per cent of an salary, the Account officer will conduct himself by demanding periodically to see the receipt or certified copy of the receipts showing that such payments have been made. Failing such receipts he will make the necessary deductions from the officer's salary and place it to his credit in the Provident Fund. Should officers prefer to do so, they may make the usual deduction from their pay bills for credit to the Provident Fund and arrange with the account officer to draw from the fund, at stated intervals, the sums necessary to pay quarterly, half-yearly or yearly premiums.

(7) Any sums already at the credit of the officer in the Provident Fund can be withdrawn for payment of premium or for the purchase of a single-payment life policy; but the withdrawal of sums already at credit will not relieve the officer from continuing to make the usual deduction from his current salary within the usual limits of 6½ and 12½ per cent, whether the amount is to be paid into the Provident Fund or towards an insurance policy.

(8) (a) If a policy of insurance matures, not at death, but after a term of years, the sum accruing shall, with the amount of the insured, be drawn by Government and placed at his credit in the fund at 4 per cent. compound interest.

(b) The sum which accretes to the credit of the officer will be dealt with (or his quitting the service or in the event of his death before retirement) in accordance with rule 11.

(9) In the event of an officer's interest in a recognised family provision fund, say subscriptions to which shall have been substituted under sub-rule (7) for his subscriptions to the General Provident Fund, coming from any cause whatever, or of a policy of insurance, say payments for premium on which shall have been so substituted or withdrawn under sub-rule (8a) from sums already at credit of such officer in the General Provident Fund, being allowed to lapse or being assigned, charged, or encumbered (except in favour of Government as hereinafter mentioned), the amounts of the payments or subscriptions so substituted or withdrawn, as the case may be, shall be paid or repaid, as the case may be, by such officer to the Account officer and may be deducted from such officer's salary.

(10) A policy, the payment or payments for any premium on which shall, under this rule, be substituted for subscriptions to the fund or withdrawn from the sums at credit of a subscriber for the same purpose and which has not already been assigned to the Secretary of State for India or Council and delivered to the Account officer under this rule, shall, within one month of such payment or withdrawal, be so assigned and delivered as security for the payment (or repayment) of the sum when in the event of lapse of the policy or any assignment, charge or encumbrance thereof or otherwise will, under the last preceding sub-rule, become payable by the subscriber to the fund. No payment so made by a subscriber shall be considered as an substitution for his subscription by him to the fund unless and until the life policy shall have been assigned, as the case may be, to the fund within one month after such payment or withdrawal, as the case may be, the sum as paid or withdrawn, as the case may be, shall forthwith be paid or repaid, as the case may be, by the officer concerned to the Account officer as may be directed by the Account officer.

(11) The assignment of a policy under the preceding sub-rule shall be effected on the policy and shall be in the following form:—

"I, A. B., of the, hereby assign unto the Secretary of State for India or Council the within policy of insurance as security for payment of all sums which under rule 12 of the rules of the General Provident Fund I may hereafter become liable to pay to that fund."

A assignment to the officer shall be executed and the policy handed back to him immediately on his quitting the service. In the event of his death before quitting the service or after retirement but before a resignation has been made, such assignment shall be entered in favour of, and the policy handed to, the person or persons entitled to receive it in consequence of his death.

Reservation of power to Government to alter rules.

12. The Government reserves to themselves the power to amend or alter the rules as may be required.

Procedure.

13. The deposits received under the foregoing rules will be credited on the books of the Government as an account named "General Provident Fund." The general administration of the fund will rest with the Government of India in the Finance Department. The Account officers for the various departments will generally be the local Accountant-General, Changanassery,

Kasimier or Controller of Accounts, or the one may be, who audits the pay bill of the officers and men subscribing to the fund.

The following are exempted to the above general rule:—

(1) The Assistant-General, Post Office and Telegraphs, will be the Account officer for all officers and employees of the Post Office and the Telegraph Department;

(2) The Comptroller, India Revenue, will be the Account officer for all officers of—

13. A depositor must, when paying his subscription, whether his subscription to the fund are recovered by deduction from bills, or paid in cash, specify the number of his account which will be contributed to him by the Account officer concerned.

14. Interest under rule 8 will be allowed for each calendar month upon the minimum balance of the depositor's account between the close of the fourth day and the end of the month. It will be calculated monthly, but will not be added to principal until the end of the official year except when the account is to be finally closed.

15. As soon as possible after the close of each year, each depositor will receive a statement of his account with interest made up to that month. Depositors are required to verify themselves as to the correctness of these statements; and notice given in them are brought to the notice of the officer rendering the account within one month from the date of their receipt. Government will not be responsible for any error not included in the account.

16. Any depositor may, once in the official year, but not oftener, receive an application to the Account officer concerned, a copy of his account for the last official year and for as many months of the current year as may have been posted and agreed.

17. When, under rule 12 of these rules, a subscriber pays from the sum of his credit in the Provident Fund proceeds upon a policy of insurance or subscriptions to a recognized pension fund, the Account officer shall indicate the exact account procedure to be followed.

18. The Account officer concerned will endeavor to secure, by the least of remedies, that all depositors shall submit in the prescribed form the "report" provided for in rule 10 (1) (a) of the rules. Each depositor should be invited to revise this declaration at least once a year. All such declarations still in force should be carefully recorded.

Such shipment or discharge shall be effected under the provisions and conditions mentioned and contained in

these rules, and such explosives must be taken on board the vessel for which they are intended, immediately after the last carrying out explosives has come alongside, and no cargo boat or other vessel having fire on board shall be allowed to be nearer than one cable's length or 200 yards from such vessel during the time that any explosives are being shipped. All other cargo work on board shall be stopped while such shipment or discharge is taking place.

But if, in the opinion of the Chairman of the Port Trust Board, the emergency was not such as to justify the master of the vessel in opening or allowing the magazine to be opened, he shall be deemed to have contravened this rule. Such magazines shall remain open only for the time required to remove or store explosives, and their opening shall always be performed in the presence of an officer of the ship.

SALT, AREARI AND CUSTOMS DEPARTMENT.

NOTIFICATION.

No. 15, dated 20th July 1912.

NOTICE OF SALE OF AREARI PRIVILEGES.

Notice is hereby given that the names of farms and independent shops appraised for the sale of liquor during the twelve months beginning 1st October 1912 and ending 30th September 1913 and the land limits appraised for them will be notified by Collectors in their District Gazette, and that the privilege of sale therein will be put up to public auction on the dates, at the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

Conditions of Auction Sale.

11. The District in which independent toddy shops, areari farms and areari and toddy farms, respectively, will be sold are specified below:—

Independent toddy shops.	Areari farms.	Areari and toddy farms.
1.	2.	3.
Throughout the Presidency including the Bangalore District and including the Madras District and certain areas in the Madras District.		

A separate notification will be issued regarding operations under the two-tax system. Collectors will issue orders regarding the limits where special systems are in force.

12. A deposit must be made by each bidder previous to bidding and will be retained by the selling officer on the day of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 25 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 10 in the case of bidders for single small shops. In the case of farms Rs. 50 will be the ordinary deposit. This will be reduced to Rs. 25 in the case of bidders for farms of an aggregate monthly rental of not more than Rs. 100 and to Rs. 10 in the case of bidders for single small farms. In the Bangalore District, the selling officer may, where he finds it necessary, require a deposit of Rs. 10 only from bidders for toddy shops. In the South Canara District, the selling officer may at his discretion reduce the deposit to Rs. 5 for shops whose average monthly rental does not exceed Rs. 5.

13. The shops or farms will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change this order. Deposit money will be paid at the discretion of the Collector. The reserve price fixed by Government for the shops or farms will not be published, but the average of the previous five years' rentals will be notified by the collector, whenever possible, for the information of bidders.

14. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

15. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the ^{Opium} Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or is otherwise unscrupulous to the detriment of Government interests or for any other valid reason. He may also refuse any bid which

he may consider to be purely speculative, and reserving his reasons for doing so. Valuable officers will not be allowed to bid for, or to have any direct interest in shops for the sale of intoxicants.

VII. The shops and farms will be knocked down in the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid on his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless varied by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any other appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bids rejected, the next highest shall be taken or the shop or farm is sold at his discretion.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. At the auction proceeds, each person whose bid is accepted shall at once, if so ordered by the selling officer, or otherwise at the close of the day's sale, make a further deposit $\frac{1}{2}$ of half a month's rent (in addition to the deposit made under clause III) for each shop or farm unless the initial deposit equals or exceeds the monthly rent. Should he fail to do so, the deposit made by him under clause IX will be forfeited and the farm or shop will be put up again immediately by the selling officer at the same conditions or otherwise disposed of by the Collector and the deficiency will be deducted from his bid again for the same or for any other farm or shop.

X. Persons to whom farms and shops have been knocked down and who have made deposits as provided in clauses III and IX shall also deposit $\frac{1}{2}$ such further sum as with the former deposits will provide for two months' rent (to be paid within two days from the date of notification of the Collector's acceptance of the bid) and shall, without unnecessary delay, execute the necessary documents and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death either and take out licenses on the conditions hereinafter set forth. Should the initial deposit exceed the amount of the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed two months' rent to be deposited under this clause, the excess will be refunded unless the purchaser is required to deposit more than one under clause XI rules.

XI. If an auctioneer subsequent to the purchase shall be found to be of doubtful solvency, he may be required either to deposit two months' rent in addition to the sum provided in clause X, or, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 34, schedule I, Act II, 1885) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the regulations under clause XI upon or to execute engagements and take out licenses as aforesaid, the deposits already made may be forfeited and the shop or farm is sold under the orders of the Revenue Officer on the dates notified by the Collector or otherwise disposed of by the latter officer.

XIII. Deposits effected under clause XII will be at the risk of the defaulting bidder, who will forfeit all sums, and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount paid by the successful bidder at the sale. In the latter case the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an amount of loan money. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to the defaulter. The defaulting bidder will be similarly liable if the proceeds be disposed of otherwise than by resale and such deposit results in loss to Government as compared with original sale.

XIV. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, or the sum may be, will be taken as security for the due performance of the conditions of the license. If the Tahsildar and licensee so agree, it may be credited towards the last instalments of the bills payable by the latter.
